## Randwick Bloodstock Fillies and Mares For Sale

Dear Melissa,

Please find below our current listings of fillies and mares. We have a number of new listings including mares in foal to Champion Sires HIGH CHAPARRAL and FLYING SPUR. Do not hesitate to call or email me should you require any additional information on any filly or mare.

If you cannot find a horse amongst our listings below that might suit you, I will be in attendance at this week's William Inglis & Son Weanling and Broodmare Sale. Should you require any help in respect of purchasing at the sale, please feel free to contact me on 0403 037 773. For anything purchased, our charges are as follows: Up to \$33,000 - \$1,100 (GST inc) flat rate. Over \$33,000 - 3.3% (GST inc) of the purchase price. With a large number of people presently unable to make it to Sydney due to the volcanic ash situation, for those of you in the market, this could represent an excellent opportunity to secure some very good value.

Until next time.

Best Regards,

Brett Howard
