

Randwick Bloodstock Fillies and Mares For Sale

Contact details

Dear

This week I wanted to focus on some of the stock we have listed for sale. There are 30+ fillies and mares presently on our books, ranging in price from \$20,000 up to \$200,000. Some of the mares are as close as a couple of weeks from foaling, so if you're still in the market for mare for this season, you'll need to get your skates on. I do believe we have some very nice stock on offer, and if you haven't dealt with us or purchased stock privately previously, we're more than happy to talk you through the process.

Mares in foal to high class stallions such as O'REILLY, STRATUM, MORE THAN READY, TALE OF THE CAT, AL MAHER, FASTNET ROCK, MOSSMAN, UNTOUCHABLE, FALVELON, BEL ESPRIT, RESET, HOLD THAT TIGER, LUCKY UNICORN, BENICIO, VALIXIR, AUSSIE RULES, ALL BAR ONE, HIDDEN DRAGON, GONSKI, AL SAMER, etc.

If you are still to decide on where to send your mare/s for this season and would appreciate some knowledgeable, independent advice on stallion matings for your mare, please feel free to pick up the phone or send us an email. I must admit, it's not an easy year in respect of finding "value for money" stallions in the market, but I feel we've been able to identify around a dozen stallions which will hopefully provide you with a good rate of return on your investment - subject to the quality of your mare of course.

Until next time.

Best Regards

Brett
